1.교과목 개요

This module will employ several classroom experiments to illustrate the theories on microeconomics. The main topics are consumer behavior, producers' decision and market structure.

2. 강의목표

Students will develop a good understanding on the theories of the consumer behaviour and firm behaviour from the practical experiments.

3. 강의방법

The module includes 2-hour lecture and 1-hour discussion every week. We will introduce microeconomic theories and practical classroom experiment. In the seminar class, we will have discussion and exercise to help students' learning.

*No textbook for this module. The lecturer will supply lists of suggested reading to accompany the selected material

4. 평가방법

Classroom attendance and participation (20%); In-class experiment and group report (40%); Final exam (40%).

5. 과제물

Group report for each experiment: 1 page; 90 minutes final exam

6. 실험, 실습계획

Four classroom experiments

7. 관련강의

※ Office hour : By email appointment

8. 교재
