1.교과목 개요

This course introduces students to the theories and case studies of nationalism and neoliberalism in (South) Korea. This course is interdisciplinary in nature, and students are expected to engage closely with and across historical, sociological, and anthropological texts on the topics.

2. 강의목표

This course is reading-, writing- and discussion-intensive. The course requires competency to read, write, and discuss critically about academic texts in English. Active and regular participation in the classroom discussions is essential. Students will also produce a research paper based on the course and personal interests.

* This syllabus is subject to change based on the needs of the class. Students are responsible for keeping up with the announcements made in class.
