1.교과목 개요

This course examines the "Western" cultural history of costume from antiquity to the 20th century and gives some information when, where, who, what, how, and why they wore clothing. The terms, construction, materials, and ornamentation of historical clothing will form the central subjects of study. In the process, students will develop critical strategies for engaging with contemporary and historical design.

2. 강의목표

- To use the terms of costume in order to express your ideas clearly and concisely.
- To explain the background of costume within natural and artificial environments.
- To expand your knowledge through the study of historical costumes.
- To improve your skill about connecting with historical materials in the present and future.

3. 강의방법

This is a lecture-based course supplemented with audiovisual material such as a mural, pictures, sculptures, and films. Attendance at class and participation in discussions/activities are critical for completing this course.

4. 평가방법
